Residents raise concerns about rezoning application in RM of Vanscoy

By TERRY PUGH
tpugh@ccgazette.ca

An application by a Saskatoon-based residential construction company to rezone a parcel of land in the RM of Vanscoy along Highway 14 a short distance west of the city has sparked concern among area residents.

The application by Cambridge Homes Ltd. to rezone 38 acres (SE 35-36-07-W3) on the north side of Highway 14 from AR-Agricultural Residential District to C-Commercial District is slated to come before the RM of Vanscoy council meeting on Thursday, May 21 for a public hearing. A bylaw for first reading to approve the application was passed at the April 16, 2026 council meeting. A public hearing must be held prior to second and third readings of the rezoning bylaw.

This marks the second time an application to rezone the land from Ag Residential to Commercial has come before the RM of Vanscoy council. An earlier application by Cambridge Homes was denied by council at a meeting on December 18, 2025.

During a public hearing at the council meeting in December, a large delegation of residents who own acreages and farms in the area expressed their opposition to the proposed rezoning. They cited a list of concerns related to traffic safety on the busy stretch of highway, including limited visibility, restricted lanes and a high volume of traffic. The land in question is near the Saskatoon Livestock Sales (SLS) facility, where the two-lane highway begins an 'S' curve.

Residents also raised questions about the growing number of commercial businesses along the highway in that area, each with their own access point; the increased risk of wildfires in an area with very little access to water for firefighting; the likelihood of a rise in theft, vandalism and trespassing; and the potential for a drop in land values.

Cambridge Homes Ltd. is a residential construction company that has built many homes in Saskatoon. In its original rezoning proposal, the company outlined plans for a major development that included a community centre, brewery, temple, warehouse and office complex.

In this latest rezoning proposal, slated to go before council on May 21, the company has scaled back the project to include only a warehouse and office building.

But area residents are still wary that rezoning the land to commercial purposes could open the door for additional business-related activities in the future.

NOT A GREAT FIT

Louis Gariepy and his wife Tammy are long-time owners of an acreage very close to the parcel of land named in the rezoning application. They strongly oppose any change in zoning because they feel it would negatively impact area residents' quality of life.

"This is a great community," said Gariepy in an interview May 5. "We've been here 25

years and we take pride in our home. There are 14 well-established acreages in the immediate area and they're all well-kept. We have a low incidence of crime because we have an active neighbourhood watch. We appreciate the police and what they do, but the reality is this is a safe place because we are all involved in keeping it that way."

While the SLS livestock facility is nearby, Gariepy said that residents have no issues with that long-established agricultural-related business.

"It's been here a long time and people who move here know what to expect," said Gariepy. "This is an agricultural area."

Gariepy said he objects to increasing encroachment of commercial enterprises that threatens an otherwise quiet country residential atmosphere. He noted that he and others opposed the establishment of a cement plant in the area that was granted approval as a home-based business in 2015, and views the latest rezoning application as another foot in the door for businesses looking to locate outside of, but conveniently close to, Saskatoon.

"To have a complete stranger come in who hasn't even scratched the surface of the land and want to go commercial, with all that it allows; how does that fit in an established residential area?" he said. "It's like, if you're living in a nice neighbourhood in Saskatoon, and a developer buys three lots near you and puts a house on one and a KFC restaurant or an auto body shop on the other two, would you allow that in a residential neighbourhood? Of course not, so why would it be okay out here in the country?"

Gariepy said he and his neighbours are pressing the RM councillors to deny the rezoning application. A petition opposing the application is also currently being circulated and will be presented at the public hearing on May 21.

SCALED BACK PROJECT

Cambridge Homes Ltd. owner Arifur Rahman said in an interview May 5 that he purchased the 38-acre property in the summer of 2025 with the intention of submitting a rezoning application.

"The land was originally acquired with a broader vision that included a community centre and additional amenities," said Rahman. "That concept required rezoning, which was not approved following the public hearing in December, 2025."

"In light of that, we have submitted a new rezoning application focused solely on a more limited and practical development consisting of the warehouse and office. Should this application not be approved after the upcoming public hearing and council decision on May 21, we will proceed with an alternative plan that complies with the current zoning regulations, which would include constructing a residence along with permitted accessory buildings."

Rahman said the proposed 5,000 to 6,000 square foot warehouse and office facility would be used for the storage of con-

struction materials such as doors, windows and related supplies that support the company's residential building operations.

HIGHWAY CORRIDOR

RM of Vanscoy Reeve Leonard Junop said when an application for rezoning that meets certain criteria is received, the RM council is obligated to deal with it accordingly.

"As a council, we have to deal with the facts that are put before us," said Junop in an interview May 5. "This proposal is for rezoning only. It's not dealing with the commercial intention behind that rezoning. That is for the future. If it is rezoned, then we'll have to see what comes forward, and any proposal would still have to be approved by council at that point. If it fits, we will have to look at it. We will have to follow the process and do what is best for the municipality."

Junop noted that the RM of Vanscoy Official Community Plan (OCP), adopted by council in 2018, contains a land use map which specifies areas where appropriate commercial development would be encouraged. There are three 'Highway Corridor Policy Areas' in the RM that include

land on both sides of Highway 14, Highway 7 and Highway 766 (Delisle to Pike Lake). The land in question along Highway 14 falls within one of those corridors.

The RM of Vanscoy OCP notes "the intent of the Highway Corridor Policy Area is to accommodate a diverse range of commercial and industrial development. A broad range of service commercial and industrial uses that require large land areas and minimal services will be encouraged to locate in industrial park settings."

The OCP goes on to note, however, that certain conditions have to be met in order for commercial rezoning applications to be approved.

COMMERCIAL ZONING

Under the RM's zoning bylaw, permitted commercial land uses include:

- *Retail/service commercial,
- *Convenience stores, with or without gas bars,
- *Lumber yards, home improvement centres,
- *Recreation facilities,
- *Hotels, motels, restaurants,
- *Offices and office buildings,
- *Nurseries and garden centres,
- * Auction markets, including livestock auction facilities.

TOWN OF WALDHEIM PUBLIC NOTICE

PROPOSED

Public notice is hereby given that the Town of Waldheim intends to adopt a bylaw to amend the Town of Waldheim Zoning Bylaw #2-2010.

PURPOSE

The proposed bylaw will raise the allowable height of a fence in a front yard from 1.0m to 1.3m and define how a fence height is determined.

PROPOSED AMENDMENTS: To do this, the Town of Waldheim is proposing the following amendments: Section 4.7 Fences

- Clause 4.7.3 is amended by changing 1.0 metres to 1.3 metres.
- Adding the following text and image after clause 4.7.6 "4.7.7 The Height of a Fence is measured from the highest point along the portion of a Fence, excluding structural posts, to the finished ground surface directly beneath the Fence at that point."

BYLAW INSPECTION:

The proposed bylaws may be inspected by any interested person, at the office of the Town of Waldheim (4009 2nd Ave E, Waldheim) on any judicial day between the hours of 9:00 AM and 5:00 PM. Copies of the proposed bylaw are available from the office of the Town of Waldheim at a cost of \$2.00 per bylaw.

PUBLIC HEARING MEETING

Town Council will consider the above matters and consider all written submissions on Monday, June 8th, 2026, at 7:30 pm.

SUBMISSIONS

For Town Council to consider, all submissions on this matter must be received by Thursday June 4th, 2026, at 5:00pm. Submissions can be mailed to Town of Waldheim Council, PO Box 460 4009 2nd Avenue East, Waldheim, SK S0K 4R0 Or submitted online at <https://waldheim.ca/town-hall/town-council/write-a-letter-to-council/>.

QUESTIONS

Questions regarding these proposals may be directed to the Administration Office
Phone: 306-945-2161

Email: admin@waldheim.ca

Issued at Waldheim this 7th day of May 2026.

Sheldon Hildebrand, Chief Administrative Officer

CAO REPORT

May 25, 2026

1. SUMA Regional Meeting - Rosthern:

Again, there will be a SUMA Regional meeting on Wednesday, June 24, 2026, in Rosthern, SK. Any member of Council that is interested in attending, please advise Chief Administrative Officer Jim Weninger.

2. Canada Community-Building Fund (CCBF) Asset Management Survey:

I will be completing the CCBF Asset Management Survey this week. The Ministry of Government Relations requests that all municipalities complete this survey every two (2) years. I believe there will be a point in time that Asset Management will become mandatory for both Council and Management.

3. Census Information:

I am hopeful that the residents of the Town of Dalmeny have all completed their census return. From a municipalities point of view, census information is used by the provincial and federal governments in a variety of areas. One (1) important number is the Town's population as the Canada Community-Building Fund (\$63.60 per person per year) and Revenue Sharing (\$321.18 per person per year) are based on the Town's population. In 2026, the Town of Dalmeny will receive \$114,543.60 from CCBC and \$580,477.00 from Revenue Sharing, as per the attached.

4. Street Sweeping:

Again, Virtue Construction will be completing the 2026 Street Sweeping of the Town of Dalmeny on Monday, May 25, 2026. Line painting will also be completed prior to Dalmeny Days.

5. Dust Control:

McGill's Industrial Service applied Dust Control on Wednesday, May 20, 2026, to the gravel streets within the Town of Dalmeny, along with Power Line Road.

6. Brine Leak at Arena:

A brine leak was detected at the Arena on Tuesday, May 19, 2026. Stevenson Industrial Refrigeration Ltd. fixed the brine leak on Friday, May 22, 2026.

7. Arena Freezer:

After approximately twenty (20) years the upright freezer at the Arena quit and cannot be repaired. Recreation Manager Lacy Boisvert is presently receiving quotes on a new upright freezer which should be in place in the coming months.

8. Frost Boil on Loeppky Avenue:

The Public Works Department continues to monitor the frost boil on Loeppky Avenue. Pylons have been placed, along with temporary "No Parking" signs.

9. Cancellation of Property Tax – Vacant Land - \$650.00:

An amount of \$650.00 should be cancelled for the property known as LSD 7 Section 10 Township 39 Range 6, West of the Third Meridian.

**Beginning in 2016-17, a portion of MRS will be used to offset costs associated with expanding Ombudsman Saskatchewan's jurisdiction to include municipalities and municipal matters (\$300,000 in 2016-17 and 2017-18; \$501,716 in 2018-19; \$564,626 in 2019-20; \$439,609 in 2020-21; \$506,507 in 2021-22; \$597,410 in 2022-23; \$631,236 in 2023-24; \$574,663 in 2024-25 and \$675.322 in 2025-26 and \$837,349 in 2026-27).

+ Beginning in 2019-20, \$1.5 million of the MRS will be used to encourage inter-community collaboration and good governance in all Saskatchewan municipalities through the Targeted Sector Support Initiative. Beginning in 2026-27, Communities in Transition (Capital and Operating) will be deducted from the total MRS allocation.

3. Urban Municipalities

- **Cities**

The 2026-27 distribution for the cities is \$269.71 per capita based on the current 2021 census populations.

- **Towns, Villages and Resort Villages**

The 2026-27 distribution for the towns, villages and resort villages is a \$2,025 base amount, plus \$321.18 per capita based on the current 2021 census populations.

4. Rural Municipalities

There are three components to the Rural Revenue Sharing grant as follows:

Unconditional Grants

The formula bases the grant on a combination of transportation/roads related data (70 per cent) and a per capita amount calculated using the most current available Canada Census figures (30 per cent). Earlier taxable assessment and roads data is used to finalize calculations earlier in the year to provide rural municipalities with estimates sooner for budget planning purposes. First Nations roads are accommodated within the existing formula by adding the roads passing through First Nations to the calculation and utilizing the same road classes and per kilometre rates applicable to other rural municipality roads in the formula.

The Revenue Sharing grant for the Rural Municipality (RM) of Lakeland No. 521 will be calculated as an exception to the formula described above. The formula used for towns, villages and resort villages will apply and will still be paid from the RM funding pool. This formula was implemented to address the RM's similarities to urban municipalities relating to lack of rural roads relative to total population.

Organized Hamlet Grants

The 2026-27 distribution for organized hamlets is 60 per cent of the base amount for towns, villages and resort villages (\$1,215) plus 60 per cent of the per capita amount for the towns, villages and resort villages

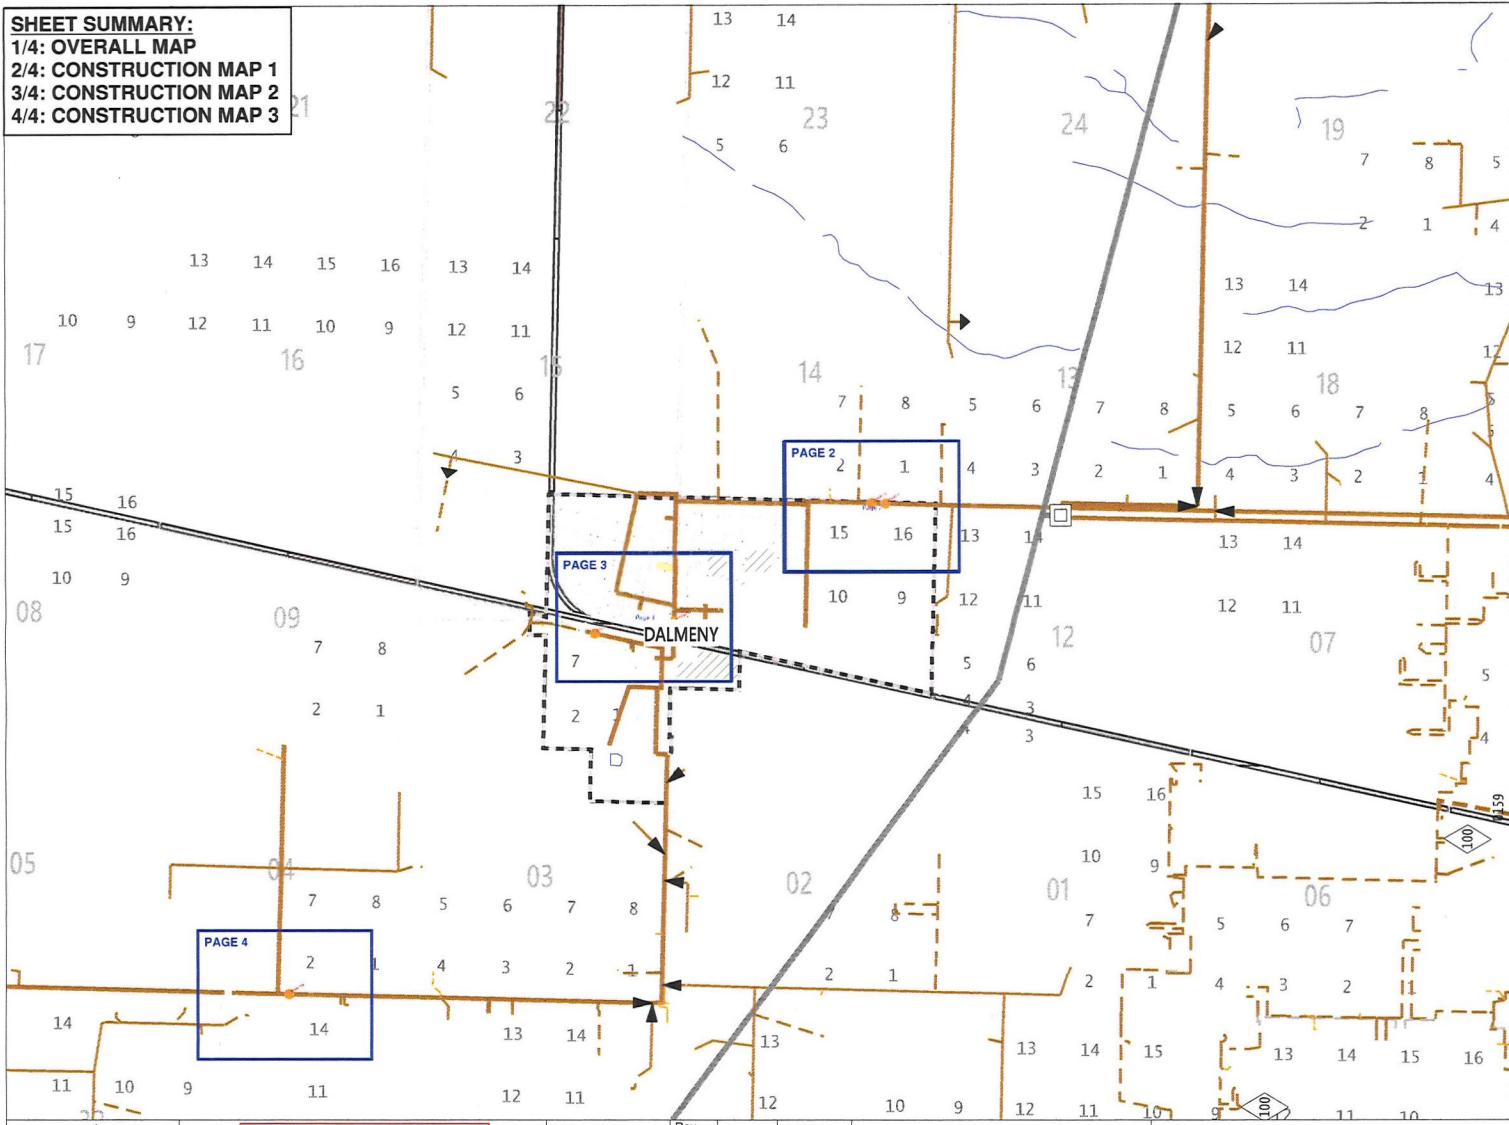

Municipal Revenue Sharing 2007-2008 to 2026-2027

Amounts for individual municipalities may change slightly from those depicted with finalization. Payments are subject to approval of the 2026-27 budget.

Municipal Revenue Sharing funding for individual northern settlements will not appear beyond 2023-24 as funding for all northern settlements is paid to the "District" which is the municipal entity responsible for all unincorporated areas located within the Northern Saskatchewan Administration District.

May 22, 2026

To Dalmeny Town Counsel:

Hello Counsel members, I am writing to you today for approval of the installation of a temporary snow fence to be placed on two of the three diamonds. Our U11 Dalmeny Diamondbacks are hosting a U11 Baseball tournament in Dalmeny on May 29th and 30th. We have seven other teams coming to town. This is a great way for us to again showcase our town and the facilities that we have. I am asking for approval for us parents to install snow fence that will be marked at the home run fence distance recommended for U11 Baseball under Sask Baseball rules. We have worked hard at finding snow fence to be donated to our team to use for the event and we will be using temporary fence posts to install the fencing. These posts will not create damage to the ground. These posts will only leave a small hole that will be smaller than the size of the aeration holes that have already been done to the diamond. The posts and fencing will be cleaned up at the conclusion of the tournament and the field returned to working order for the upcoming Dalmeny Days tournament. We currently have a home run derby contest planned for our tournament which will be an exciting opportunity for the kids. This is where the home run fence becomes vital for this event to take place.

Please provide an update on the status of this request at the earliest convenience as field preparation will start most likely on Thursday May 28 and during the day on May 29.

Thank you for your consideration on this matter as we look to provide new and exciting these for our youth athletes in our town.

Kyle Rathgeber
